Conceptual Foundations of Occupational Therapy

Gary Kielhofner

Conceptual Foundations of Occupational Therapy Gary Kielhofner

This edition offers an introduction to occupational therapy, including its role and purpose, history and future. It highlights profession-wide concepts such as dynamic systems, narrative and occupational form. The book also notes contributions made to occupational therapy's knowledge development throughout the world and culminates with a view to the future of the field, examining theories such as occupational science and their impact on occupational therapy.
