Emily Dickinson

Poems - The Original Classic Edition Emily Dickinson

Nearly everyone who has had a brush with American literature knows the story of Emily Dickinson - her poetry unpublished in her lifetime, and then even after her death, her verses seeing the light of day only after having been improved on by an editor who found her rhymes imperfect and her meter spasmodic. He even went so far as to make her metaphors sensible. The fact is, Thomas Wentworth Higginson, to whom Dickinson had sent her poems, was a representative of the poetic establishment, and as with all artistic establishments then and now, was too rigid in his thinking and too impoverished in his imagination to comprehend a new voice of genius.

Dickinson is a poet of strikingly apt and totally original phrases imbued with a deep resonance of thought and observation, especially on her favorite subjects, life, death and love. She can be cryptic and her references and allusions are sometimes too private for us to catch. She can also be amazingly terse. But the intensity of her experience and the Zero at the Bone emotion displayed in this, her letter to the World/That never wrote to me - are second to none in the world of letters. Unlike Shakespeare, who mastered the psychology of people in places high and low, Dickinson mastered only her own psychology, and yet through that we can see, as in a mirror, ourselves.
