## Guilty Victims: Austria from the Holocaust to Haider Hella Pick

Behind the façade of *Gemütlichkeit* can Austrians ever admit to themselves the extent to which they collaborated with Nazi Germany and became party to the Holocaust? So much has been written about post-war Germany, but what about Hitler's other willing executioners? Since 1945 Austria has succeeded in presenting an image of itself as a comfortable middle class society at the center of Europe, whose recent past, though awkward, was not shaming. Hella Pick explores Austria's search for a foolproof, internationally credible identity for itself after the Nazi era. She shows how the old ghosts will not go away.
