## **\*\*WARNING\*\***

**This book contains graphic forensic crime scene photos and statements that some may find very disturbing.**

Serial killers; they cross the bounds of evil. They murder at random without logic or reason other than the one twisting in their sick and evil minds. They are diabolical vile creatures devoid of morality or pity. You will meet a chosen few of them in these pages. We will see that serial killers are roaming among us all, from small towns to big cities. They are not limited to a particular place, gene pool, culture, social class or religion. They are not restricted to any particular demographic, political propensity and they can be of any gender.

Five true crime authors come together to present the first annual Serial Killers Anthology which depicts ten horrific cases of serial homicide told in detail, and includes graphic pictures. Each case will take the reader from the background of the serial killer, to the crime scene, investigation, trial, and sentencing.

"The lambs may have stopped screaming, but Hannibal Lecter has nothing on the very 'real' monsters presented here."
