Catcher, Caught Sarah Collins Honenberger

After an earth-shattering diagnosis of leukemia, 15-year-old Daniel Landon sees a reflection of himself in the words of J.D. Salinger's *The Catcher in the Rye*. Inspired by Holden Caulfield, Daniel begins to question the intentions and authority of those around him in his own search for identity as he faces death. Tired of his cramped surroundings and hippie parents' alternative approaches to his treatment, he follows the footsteps of Caulfield to New York City in search of the same eternal truths, only to discover the importance of home when death looms. A coming of age story, a love story, and a new classic, *Catcher, Caught* will engage the imagination of more than one generation, searching for lasting values.
