## **Indigenous Research Methodologies** Bagele Chilisa

Responding to increased emphasis in the classroom and the field on exposing students to diverse epistemologies, methods, and methodologies, Bagele Chilisa has written the first textbook that situates research in a larger, historical, cultural, and global context. With case studies from around the world, the book demonstrates the specific methodologies that are commensurate with the transformative paradigm of research and the historical and cultural traditions of third-world and indigenous peoples.
