Manual of Clinical Paramedic Procedures Pete Gregory, Ian Mursell

'I can enthusiastically recommend the *Manual of Clinical Paramedic Procedures* as the book that I wish had been available to me when I was studying to become a paramedic.'

From the foreword by Professor Malcolm Woollard, Chair, College of Paramedics; Professor in Pre-hospital and Emergency Care & Director, Pre-hospital, Emergency & Cardiovascular Care Applied Research Group, Coventry University

Clinical procedures are a fundamental aspect of care for practitioners working in pre-hospital settings. The *Manual of Clinical Paramedic Procedures* is written specifically to support the practice of paramedics, ambulance technicians, first responders and volunteer ambulance personnel. It presents up-to-date, evidence-based expert knowledge, enabling paramedics to deliver effective, patient-focused care.

This accessible handbook provides a comprehensive exploration of core competencies and skills, looking at topics including Aseptic Technique, Airway Management, Assisted Ventilation, Cardiopulmonary Resuscitation, Defibrillation and External Cardiac Pacing, Observations, Pain Assessment & Management, Respiratory Therapy, Spinal Management and Venepuncture. Each chapter provides the relevant anatomy & physiology, evidence-based rationales for each procedure, and contraindications of use.

Key features:

- The first UK text to explore clinical procedures for paramedics
- With further reading and illustrations throughout
- All procedures include the rationale for the action recommended
- Guides paramedics in the clinical application of evidence-based procedures

This Manual of Clinical Paramedic Procedures can be the respond to, oh how comes? A fresh book you know. You are and so out of date, spending your extra time by reading in this new era is common not a geek activity. So what these textbooks have than the others?

Christopher Jorge:

As a university student exactly feel bored to reading. If their teacher expected them to go to the library or to make summary for some reserve, they are complained. Just little students that has reading's heart and soul or real their interest. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading very seriously. Any students feel that studying is not important, boring and also can't see colorful pics on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this Manual of Clinical Paramedic Procedures can make you sense more interested to read.
