Theory and Practice of Counseling and Psychotherapy

Gerald Corey

Theory and Practice of Counseling and Psychotherapy Gerald Corey

Incorporating the thinking, feeling, and behaving dimensions of human experience, the ninth edition of Corey's best-selling text offers an easy-to-understand text that helps you compare and contrast the therapeutic models expressed in counseling theories. Corey introduces you to the major theories (psychoanalytic, Adlerian, existential, person-centered, Gestalt, reality, behavior, cognitive-behavior, family systems, feminist, and postmodern approaches) and demonstrates how each theory can be applied to a single case ("Stan"). With his trademark style, he shows you how to apply those theories in practice, and helps you learn to integrate the theories into an individualized counseling style.
