Blind Eye: How the Medical Establishment Let a Doctor Get Away with Murder

James B. Stewart

Blind Eye: How the Medical Establishment Let a Doctor Get Away with Murder James B. Stewart

In 1985, a young doctor named Michael Swango was convicted of poisoning five hospital co-workers in Illinois. Sentenced to five years in jail but paroled in 1987, Swango would work -- and kill -- within the medical community again, escaping detection until lying on a job application on Long Island almost ten years later. His story is a show-stopper that will make any one who hears it think twice before trusting just anyone in a white lab coat.
