On a wild, windblown bluff high above the Pacific sits one of America's premier golfing destinations, Bandon Dunes. Golf enthusiast Mike Keiser had the dream of building this British-style "links" course on a stretch of Oregon's rugged coast, and *Dream Golf* is the first all-inclusive account of how he turned his passion into a reality.

Now, in this updated and expanded edition, golf writer Stephen Goodwin revisits Bandon Dunes and introduces readers to Keiser's latest effort there, a new course named Old Macdonald that will present golfers with a more rugged, untamed version of the game. This "new" approach to the sport is, in fact, a return to the game's origins, with a very deep bow to Charles Blair Macdonald (1856–1939), the father of American golf course architecture and one of the founders of the U.S. Golf Association. This highly anticipated fourth course, designed by renowned golf course architect Tom Doak along with Jim Urbina ? as detailed in *Dream Golf*? will further enhance Bandon Dunes' reputation as a place where golf really does seem to capture the ancient magic of the game.
