For many years, conspiracy theories have been among the most popular story elements in Hollywood films. According to the "conspiracy culture," Government, Big Business, the Church, even aliens--all of which, bundled together, comprise the ubiquitous "Them"--are concealing some of the biggest secrets in American and world history. The work paints a vivid picture of several of the more prevalent conspiracy theories and the entertainment they have inspired, not only in theatrical films but also in such television series as *The X-Files*, *Lost* and *V*.
