Sun signs

Linda Goodman

Sun signs Linda Goodman

Before 1968, astrology had a narrow following in the United States and around the world. The publication of Linda Goodman's Sun Signs in 1968 changed that forever. Magazines and newspapers started running astrology columns. Linda Goodman contributed insert pieces to the mass circulation women's magazines. An ever-increasing percentage of people knew their sign (and yours) and studied astrological tendencies.

Linda Goodman's Sun Signs has been the worldwide introductory "bible" to astrology since publication. The book's organization is simplicity itself – sign by sign, the Man, Woman, Child, Boss and Employee.

This edition of Linda Goodman's Sun Signs has been fully updated to make references to people current. Linda Goodman's magical first-person writing has been preserved in the context of a contemporary experience for the reader.

The 2011 e-book edition of Linda Goodman's Sun Signs is the first time that this classic work has been available in e-book formats.

Linda Goodman

Linda Goodman, a native of West Virginia, popularized astrology with the publication of Linda Goodman's Sun Signs in 1968. Sun Signs is the only astrology book ever to appear on the New York Times bestseller list. It has sold tens of millions of copies worldwide and is the single most widely read introduction to astrology in the world.

Ten years after the Sun Signs phenomenon, Linda Goodman published Linda Goodman Love Signs which answered the question posed by every reader of astrology – how does my sign relate to the twelve signs of the zodiac. Love Signs was at least as big an international success as Sun Signs.

Linda Goodman led a very private life. She rarely granted interviews and infrequently responded to the tens of thousands of pieces of fan mail.
