Three-Ways: A Detectives Seagate and Miner Mystery (Volume 4) Mike Markel

When grad student Austin Sulenka is found strangled, nude on his bed, the first question for Seagate and Miner is whether it was an auto-asphyxiation episode gone bad. Evidence strewn around his small apartment suggests that he spent his last night with three or four women, each of whom had a motive to kill him. Later, when one of the women is pulled from the reservoir with a bullet in her brain, Seagate and Miner wonder which victim was the prime target--and whether there will be more. As Seagate and her partner try to unravel the complicated couplings, she finds herself in a three-way relationship that threatens to destroy her own fragile sobriety.
