**Advanced Accounting** Joe Ben Hoyle, Thomas Schaefer, Timothy Douppnik

**The approach used by Hoyle, Schaefer, and Douppnik** in the new edition allows students to think critically about accounting, just as they will do while preparing for the CPA exam and in their future careers. With this text, students gain a well-balanced appreciation of the Accounting profession. As Hoyle 11e introduces them to the field's many aspects, it often focuses on past controversies and present resolutions. The text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future.

The writing style of the ten previous editions has been highly praised. Students easily comprehend chapter concepts because of the conversational tone used throughout the book. The authors have made every effort to ensure that the writing style remains engaging, lively, and consistent which has made this text the market leading text in the Advanced Accounting market. The 11th edition includes an increase integration of IFRS as well as the updated accounting standards.

#### **Shirley Bishop:**

As a pupil exactly feel bored to be able to reading. If their teacher inquired them to go to the library or make summary for some e-book, they are complained. Just very little students that has reading's heart and soul or real their passion. They just do what the professor want, like asked to the library. They go to presently there but nothing reading critically. Any students feel that looking at is not important, boring and can't see colorful photos on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this Advanced Accounting can make you experience more interested to read.
