For some, death is not the end. Thanks to modern medicine, they are given a second chance. A second chance to live, and another chance to kill.

Haunted From Within is a fast paced contemporary medical thriller, based upon a true medical mystery that scientists and doctors do not yet understand. It is based upon fact: a true medical phenomena that defies belief and almost everyone is unaware of!

Be one of the first to discover it!

Warning: This is just a story, a fast-paced thriller written to entertain you...but because it is based upon fact, - which you can verify for yourself -, it will leave you wondering and talking about the definition of 'life' itself!

The Story

When Peter Nicolson, a reporter with the Edinburgh Evening News, is the 'lucky' recipient of a kidney transplant that saves his life, he is one of the first people in the world to be treated with the new genetic wonder drug 'SP-X4'.

Yet as he recovers, his personality begins to change, and he discovers that he can see visions of unsolved killings committed by a murderer that no one has ever caught. Peter sets out to solve the murders, to track down the killer, and find out the truth behind his visions.

As he uncovers a trail of death that stretches across the United Kingdom and Europe, the makers of 'SP-X4' watch his actions from afar, anxious that he will uncover the incredible truth behind their new drug treatment, and conspire to make sure he does not succeed in revealing it to the world.

In Peter's vision, there are seven knives. So far, there have only been six murders. Can he solve the case before a seventh life is taken? If he can't, who will be last to die?

Haunted From Within culminates in a surprise ending that few will predict.

Once you have finished the book, the author encourages you to go online, and find out the truth for yourself. And when you discover the truth, it will make you question the meaning of life itself...and want to tell all your friends!
