In 1983, billionaire Ted Leonsis survived a near-fatal plane crash. During those moments of terror, Ted came to the realisation that despite all of his wealth and business success, if he was going to die, he wouldn't be dying happy. Ted's subsequent quest to find happiness led him to the startling conclusion that happy people share six key traits and even more surprising was his discovery that these six tenets of happiness lead to even greater business success. In THE BUSINESS OF HAPPINESS Ted uses these six traits to demonstrate the correlation between happiness and success and uses them to create a blueprint for constructing a life of real, valued happiness and joy in the work you do. THE BUSINESS OF HAPPINESS is the book is for any business person who is looking for 'success' - whether it be making more money, having more clout, being more powerful, more effective or more confident. By following Ted's advice, you can be more successful, and happier in your job so that the 'daily grind' is no longer quite such a grind.
