The English Royal Family of America, from Jamestown to the American Revolution

Michael A. Beatty

The English Royal Family of America, from Jamestown to the American Revolution Michael A. Beatty
For about a century and a half after they arrived from England, America's first permanent colonists considered themselves to be English. They were proud of their heritage and loyal to their country. England's royal family truly was the royal family of America--until the era of the American Revolution, when the colonies fought for their independence from England and its rulers. Elizabeth I, James I, Charles I, Charles II, James II, William III and Mary II, Anne, George I, George II, and George III--the English royals who were also the royals of early America--are all covered in this work. It begins with Queen Elizabeth I, as it was during her rule that Sir Walter Raleigh established his settlements in America, and ends with King George III, as it was during his rule that the American Revolution began. A biographical sketch is provided for each royal and his or her spouse and legitimate children. Brief mention is made of mistresses and illegitimate children.
