Women in the United States Armed Forces: A Guide to the Issues (Contemporary Military, Strategic, and Security Issues)

Darlene M. Iskra

Women in the United States Armed Forces: A Guide to the Issues (Contemporary Military, Strategic, and Security Issues) Darlene M. Iskra

Women in the United States Armed Forces: A Guide to the Issues covers over a century of accomplishments of military women, from the Civil War to the current wars in the Middle East. Readers will learn, for example, that during World War II, 565 women in the Women's Army Corps stationed in the Pacific theater received combat decorations, proving that women had the courage, strength, and stamina to perform in a combat environment. They will also learn that, perhaps surprisingly, it wasn't until the mid- to late 1970s that women had their first opportunities to serve at sea and as aviators (crew as well as pilots), albeit on noncombatant ships and aircraft.

The book's final four chapters discuss the issues that continue to plague women in the military, including sexual harassment, noting that women's performance in America's two-front wars in Iraq and Afghanistan have made a positive difference in attitudes. The handbook closes with an epilogue that is at once a summary of the issues and a call for action.
