Computer Architecture, Fifth Edition: A Quantitative Approach (The Morgan Kaufmann Series in Computer Architecture and Design) John L. Hennessy, David A. Patterson
The computing world today is in the middle of a revolution: mobile clients and cloud computing have emerged as the dominant paradigms driving programming and hardware innovation today. The Fifth Edition of Computer Architecture focuses on this dramatic shift, exploring the ways in which software and technology in the cloud are accessed by cell phones, tablets, laptops, and other mobile computing devices. Each chapter includes two real-world examples, one mobile and one datacenter, to illustrate this revolutionary change. Updated to cover the mobile computing revolution Emphasizes the two most important topics in architecture today: memory hierarchy and parallelism in all its forms. Develops common themes throughout each chapter: power, performance, cost, dependability, protection, programming models, and emerging trends "What's Next" Includes three review appendices in the printed text. Additional reference appendices are available online. Includes updated Case Studies and completely new exercises.

From reader reviews:

Steven Stockton:

This Computer Architecture, Fifth Edition: A Quantitative Approach (The Morgan Kaufmann Series in Computer Architecture and Design) book is just not ordinary book, you have after that it the world is in your hands. The benefit you get by reading this book is actually information inside this publication incredible fresh, you will get details which is getting deeper a person read a lot of information you will get. This particular Computer Architecture, Fifth Edition: A Quantitative Approach (The Morgan Kaufmann Series in Computer Architecture and Design) without we recognize teach the one who reading it become critical in contemplating and analyzing. Don't possibly be worry Computer Architecture, Fifth Edition: A Quantitative Approach (The Morgan Kaufmann Series in Computer Architecture and Design) can bring if you are and not make your carrier space or bookshelves' turn into full because you can have it inside your lovely laptop even mobile phone. This Computer Architecture, Fifth Edition: A Quantitative Approach (The Morgan Kaufmann Series in Computer Architecture and Design) having excellent arrangement in word along with layout, so you will not sense uninterested in reading.

Renee Oneal:

Exactly why? Because this Computer Architecture, Fifth Edition: A Quantitative Approach (The Morgan Kaufmann Series in Computer Architecture and Design) is an unordinary book that the inside of the book waiting for you to snap it but latter it will zap you with the secret the idea inside. Reading this book alongside it was fantastic author who else write the book in such remarkable way makes the content within easier to understand, entertaining means but still convey the meaning completely. So , it is good for you because of not hesitating having this anymore or you going to regret it. This book will give you a lot of advantages than the other book include such as help improving your skill and your critical thinking method. So , still want to hold off having that book? If I were being you I will go to the reserve store hurriedly.

Stacey Lawrence:

Does one one of the book lovers? If so, do you ever feeling doubt if you are in the book store? Make an effort to pick one book that you find out the inside because don't judge book by its protect may doesn't work is difficult job because you are frightened that the inside maybe not because fantastic as in the outside appear likes. Maybe you answer is usually Computer Architecture, Fifth Edition: A Quantitative Approach (The Morgan Kaufmann Series in Computer Architecture and Design) why because the wonderful cover that make you consider concerning the content will not disappoint anyone. The inside or content will be fantastic as the outside as well as cover. Your reading sixth sense will directly assist you to pick up this book.

Kelly Cohn:

Beside this Computer Architecture, Fifth Edition: A Quantitative Approach (The Morgan Kaufmann Series

in Computer Architecture and Design) in your phone, it may give you a way to get more close to the new knowledge or facts. The information and the knowledge you might got here is fresh from the oven so don't possibly be worry if you feel like an older people live in narrow town. It is good thing to have Computer Architecture, Fifth Edition: A Quantitative Approach (The Morgan Kaufmann Series in Computer Architecture and Design) because this book offers for your requirements readable information. Do you often have book but you don't get what it's interesting features of. Oh come on, that will not end up to happen if you have this in your hand. The Enjoyable arrangement here cannot be questionable, similar to treasuring beautiful island. Techniques you still want to miss the item? Find this book along with read it from now!
