The Ideal Holy Bible, self-pronouncing, self-interpreting, self-explanatory Arthur Roberts, Christian Saints

THIS edition of the Holy Scriptures is the product of a thorough analytical method of Bible study. It is so compiled and arranged that through its simplicity, accuracy and utility, it embraces that "Time and Labor Saving" idea which during the past century has revolutionized the material world.

The triple column arrangement of the text and explanation, the double system of foot notes, printing out in full all references, provides the greatest possible conveniences of presenting in small compass, properly analyzed and grouped, all the subjects in the Bible relating to the text of any particular page. This plan makes it possible by the reading of a single page to obtain the gist of many volumes of standard authorities on Biblical interpretation and the complete Scriptural statement of the Bible relative to the text of that page.

In order to obtain a one volume working Biblical library, in addition to the arrangement mentioned above, there has been accomplished on each page the diacritical marking and accenting of all difficult words, the giving of the original English meaning of all obscure words having undergone a change of meaning; a short running commentary; a brief summary of each chapter, setting forth the purpose and object of that chapter; a descriptive analysis of each book; the chronological period of each chapter; biographical sketches of all important characters; the date, authorship and occasion of writing of each Psalm, so far as known, with the especial virtue taught ; the printing in italics of all Old Testament prophecies pertaining to Christ and all words in the New Testament spoken by Christ, thereby pointing out all things relative to Him; the printing out in full, as foot-notes, over 250,000 references, run especially for this work, thus giving a complete Biblical treatment of every subject mentioned on that page of the text. When it is considered that this is done on every page of the book and for every book, chapter and verse of the Scriptures, it will be readily seen that here in one volume is a whole library for the busy student.

An Exhaustive System of References; Each Reference Printed in Full; A Condensed Commentary; An Introduction to Each Book; Introduction to Each Chapter; All Messianic Prophecies Printed in Italics; Words of Christ Printed in Italics; Chronological Period of Each Chapter; Biographical Sketch of Leading Characters; Proper Names Diacritically Marked; Subject, Topical and Word Index; Chart of the Life of Christ.

This great work is optically read and may have variances or errors in text and spelling. We believe the resource greatly outweighs the inconsistencies.
