Women in Early American Religion, 1600-1850: The Puritan and Evangelical Traditions (Christianity and Society in the Modern World) Marilyn J. Westerkamp

Women in Early American Religion, 1600-1850 explores the first two centuries of America's religious history, examining the relationship between the socio-political environment, gender, politics and religion. Drawing its background from women's religious roles and experiences in England during the Reformation, the book follows them through colonial settlement, the rise of evangelicalism with the 'great awakening', the American Revolution and the second flowering of popular religion in the first half of the nineteenth century. *Women in Early American Religion, 1600-1850* traces the female spiritual tradition through the Puritans, Baptists and Shakers, arguing that it was a strong empowering force for women.
