What reviewers are saying:

“The action sequences in this book were amazing. The ending will leave you reeling. This story is incredible and Jennifer Quintenz is an amazingly talented author... This book is an absolute MUST read! You have strong characters, teenagers who are amazing in their normality in a paranormal life, and a father who would die for his adopted daughter, and an adopted daughter who is “supposed” to be evil but is the most caring teen I have seen in years. This book is not only a successful sequel but an incredible addition to any library. I can honestly admit that if I had book 3 in my hands when it was 2am and I’d finished this one I would have grabbed it up and continued this saga.” – Condygurl of the “Recent Reads” book blog

“I am a fan of the genre, and really enjoyed the first book in the trilogy. This one beats it - Quintenz neatly sidesteps the lull problem of middle-of-trilogy books, creating a page-turning web of self-contained plots while also continuing to flesh out the mythology of the series and set up the conflict in the concluding book. I read "Incubus" extremely rapidly, dying to find out what happened next, and propelled smoothly along by the polished, vivid prose. I'm going to start reading the third part immediately; Quintenz just keeps getting better.” – Daniel Maidman, review on Amazon.com

Incubus (Daughters of Lilith: Book 2)

Braedyn Murphy used to think nothing important ever happened in her sleepy town of Puerto Escondido. But that was before she learned she was a descendent of Lilith, the mother of all demons. Now Braedyn fights to protect humanity from the Lilitu - the beautiful, souls-stealing daughters of Lilith.

As she fights the Lilitu, Braedyn must also fight her growing love for her boyfriend Lucas - because even a simple kiss could end his life. Their only ray of hope is an angel’s offer to make Braedyn human, but it’s an offer she can’t accept until the world is safe from the Lilitu.

Braedyn knows she’s a key player in this ancient war... but she’s not ready to believe she just might be humanity’s best hope of surviving the final battle for Earth.

"How do I even begin to put all the crazy, gushy, ramblings in my brain about this book onto paper?!? Where to even begin?...This book is a MUST read!"
