Ocean Yearbook, Volume 11 (v. 11)

Since 1978, marine biologists, oceanographers, and specialists in foreign policy, ocean development, international law, and strategic studies have found the *Ocean Yearbook* series to be an invaluable asset for research on one of the world's vital resources.

Volume 11 addresses the development of marine resources, along with recent transportation, communication, marine science, and technology developments. Twenty-four articles focus on such topics as sea-based nuclear issues, regional cooperation, transport of liquefied natural gas, along with an analysis of the UN conference on Straddling and Highly Migratory Fish Stocks.
