This grimly realistic depiction of army life follows a trio of idealists as they contend with the regimentation, violence, and boredom of military service. Fuselli, a San Francisco store clerk, embraces conformity in the hopes of a promotion. Chrisfield, an Indiana farm boy, and Andrews, a gifted musician, are repelled by the army's mind-numbing routines and battlefield horrors. Incited past the point of endurance, the soldiers respond with rancor and murderous rage. This powerful exploration of warfare's dehumanizing effects remains chillingly contemporary. Unabridged republication of the classic 1921 edition.
