Certificate awards and more!

*MADE IN THE USA See Author Page (scroll down) for INSTRUCTIONAL VIDEO.*

For a child at home or students in a classroom, this 8.5"x11 , 244 page resource book is full of reproducible activities to help ALL learners memorize the basic times tables 0-9. (works alone or combine with Times to Remember Sing-Along Songs CD/MP3 and children's hardcover book. - See it, Sing it, Do it!)

This unique and innovative multi-sensory system was created by Sandra Warren MSED - a teacher and mother of three, while she was homeschooling her struggling son. It worked so well that she later introduced it to schools, including her 3rd grade classroom.

"The Parents and Teachers wanted to know where they could buy it, so I knew I had to get it out there. There is nothing on the market like it. There are NO stories and NO factor-rhyming word to recall."

(Please read the glowing reviews!)

**FAST, EASY, EFFECTIVE, and FUN!**

The key is found in beautifully illustrated rhymes, created with careful consideration to both visual and auditory learning. Look how 6 and 9 (6x9) have turned into flamingos. They're catching "fish galore". Hmm...sounds like 54! See eights with wings. They are buzzing bees leaving their honey hive. "8x8 go out the sticky door, 8x8 equals 64!" It's so easy. Wait a minute. Not so fast. See if you can find all the hidden numbers in each picture. Keep looking!

(look inside the hardcover book for examples)

Included are hands-on activities, requiring minimal instruction, so that all learners, regardless of learning style, can celebrate success. Not only is *Times to Remember* fun and easy, it takes only minutes for results. It can be presented to an entire classroom, small groups, or individual learners, and is especially effective for students who struggle with rote memorization, including those with special needs.

Included are innovative graphic-hint flashcards and quizzes, 21 illustrated rhymes in a trace-and-color

format, review pages, games and more. (Only 21 illustrated rhymes are used because a student/child learns TWO multiplication equations with each one!)

Combine with Times to Remember Sing-Along Songs or the children's hardcover book for additional fun and learning. See [TheTimesTable.com](http://TheTimesTable.com) for more information, free download samples, and reviews.

The Enhanced Musical E-Book (APPLE FORMAT) can be found at the Apple store.

PLEASE ADD YOUR OWN REVIEW!!

Thank you, and Joyful Learning Always!

- Sandra Warren, MEd
