## Computational Collective Intelligence. Technologies and Applications: Second International Conference, ICCCI 2010, Kaohsiung, Taiwan, November 10-12, ... Part II (Lecture Notes in Computer Science)

This volume composes the proceedings of the Second International Conference on Computational Collective Intelligence—Technologies and Applications (ICCCI 2010), which was hosted by National Kaohsiung University of Applied Sciences and Wroclaw University of Technology, and was held in Kaohsiung City on November 10-12, 2010. ICCCI 2010 was technically co-sponsored by Shenzhen Graduate School of Harbin Institute of Technology, the Tainan Chapter of the IEEE Signal Processing Society, the Taiwan Association for Web Intelligence Consortium and the Taiwanese Association for Consumer Electronics. It aimed to bring together researchers, engineers and po- cymakers to discuss the related techniques, to exchange research ideas, and to make friends. ICCCI 2010 focused on the following themes: • Agent Theory and Application • Cognitive Modeling of Agent Systems • Computational Collective Intelligence • Computer Vision • Computational Intelligence • Hybrid Systems • Intelligent Image Processing • Information Hiding • Machine Learning • Social Networks • Web Intelligence and Interaction Around 500 papers were submitted to ICCCI 2010 and each paper was reviewed by at least two referees. The referees were from universities and industrial organizations. 155 papers were accepted for the final technical program. Four plenary talks were kindly offered by: Gary G. Yen (Oklahoma State University, USA), on “Population Control in Evolutionary Multi-objective Optimization Algorithm,” Chin-Chen Chang (Feng Chia University, Taiwan), on “Applying De-clustering Concept to Information Hiding,” Qinyu Zhang (Harbin Institute of Technology, China), on “Cognitive Radio Networks and Its Applications,” and Lakhmi C.

**From reader reviews:**

**Jeffrey Sandoval:**

Book is usually written, printed, or outlined for everything. You can understand everything you want by a reserve. Book has a different type. To be sure that book is important thing to bring us around the world. Close to that you can your reading talent was fluently. A publication Computational Collective Intelligence. Technologies and Applications: Second International Conference, ICCCI 2010, Kaohsiung, Taiwan, November 10-12, ... Part II (Lecture Notes in Computer Science) will make you to always be smarter. You can feel considerably more confidence if you can know about anything. But some of you think that will open or reading the book make you bored. It's not make you fun. Why they might be thought like that? Have you seeking best book or appropriate book with you?

**Edna Kopec:**

Computational Collective Intelligence. Technologies and Applications: Second International Conference, ICCCI 2010, Kaohsiung, Taiwan, November 10-12, ... Part II (Lecture Notes in Computer Science) can be one of your basic books that are good idea. All of us recommend that straight away because this publication has good vocabulary that could increase your knowledge in terminology, easy to understand, bit entertaining but still delivering the information. The author giving his/her effort that will put every word into enjoyment arrangement in writing Computational Collective Intelligence. Technologies and Applications: Second International Conference, ICCCI 2010, Kaohsiung, Taiwan, November 10-12, ... Part II (Lecture Notes in Computer Science) yet doesn't forget the main position, giving the reader the hottest along with based confirm resource facts that maybe you can be certainly one of it. This great information can certainly drawn you into fresh stage of crucial pondering.

**Armando Lemaire:**

This Computational Collective Intelligence. Technologies and Applications: Second International Conference, ICCCI 2010, Kaohsiung, Taiwan, November 10-12, ... Part II (Lecture Notes in Computer Science) is fresh way for you who has curiosity to look for some information as it relief your hunger of knowledge. Getting deeper you in it getting knowledge more you know or perhaps you who still having little digest in reading this Computational Collective Intelligence. Technologies and Applications: Second International Conference, ICCCI 2010, Kaohsiung, Taiwan, November 10-12, ... Part II (Lecture Notes in Computer Science) can be the light food for you because the information inside that book is easy to get through anyone. These books create itself in the form which is reachable by anyone, that's why I mean in the e-book form. People who think that in publication form make them feel tired even dizzy this book is the answer. So there is no in reading a e-book especially this one. You can find actually looking for. It should be here for you actually. So , don't miss that! Just read this e-book sort for your better life along with knowledge.

**Louella Rape:**

As we know that book is significant thing to add our know-how for everything. By a book we can know everything we would like. A book is a group of written, printed, illustrated or maybe blank sheet. Every year ended up being exactly added. This book Computational Collective Intelligence. Technologies and Applications: Second International Conference, ICCCI 2010, Kaohsiung, Taiwan, November 10-12, ... Part II (Lecture Notes in Computer Science) was filled with regards to science. Spend your free time to add your knowledge about your research competence. Some people has diverse feel when they reading the book. If you know how big benefit of a book, you can experience enjoy to read a book. In the modern era like today, many ways to get book that you just wanted.
