In Family Games: The 100 Best, the top designers and publishers write about the most enjoyable, most cleverly designed titles of the last one hundred years. Their essays cover the spectrum from board games to card games, wargames to miniatures games to role-playing games, including old favorites and little known gems. These are the games that the designers themselves play, the ones that have inspired their most popular inventions. Essayists include such legendary creators as Alan R. Moon (Ticket to Ride), Matthew Kirby (Apples to Apples), Richard Garfield (Magic: The Gathering), Tom Wham (Great Khan Game), James Ernest (Kill Dr. Lucky), Kevin Wilson (Descent), Emiliano Sciarra (Bang!), Ian Livingstone and Steve Jackson (co-founders of Games Workshop), and dozens of other noteworthy and award-winning designers.
