Mike S. Schäfer

Wissenschaft in den Medien: Die Medialisierung naturwissenschaftlicher Themen (German Edition)

Mike S. Schäfer

Mike S. Schäfer stellt zwei Modelle dar – das „Medialisierungs-Paradigma“ und das Modell der Wissenskulturen – und überprüft sie anhand einer Inhaltsanalyse der Berichterstattung einflussreicher deutscher Printmedien. Für die Stammzellforschung, die Humangenomforschung und die Neutrinoforschung rekonstruiert er differenzierte Berichterstattungsverläufe. Dabei zeigt sich, dass nur jene wissenschaftlichen Themen Gegenstand intensiver Medienberichterstattung werden, die spezifische Kopplungen an ihre gesellschaftliche Umwelt aufweisen.
