Color Atlas of Human Anatomy, Vol. 3: Nervous System and Sensory Organs

Werner Kahle, Michael Frotscher

Color Atlas of Human Anatomy, Vol. 3: Nervous System and Sensory Organs Werner Kahle, Michael Frotscher

The seventh edition of this classic work makes mastering large amounts of information on the nervous system and sensory organs much easier. It provides readers with an excellent review of the human body and its structure, and it is an ideal study companion as well as a thorough basic reference text.

The many user-friendly features of this atlas include:

- New and enhanced clinical tips
- Hundreds of outstanding full-color illustrations with updated labels
- Side-by-side images with explanatory text
- Helpful color-coding and consistent formatting throughout

Emphasizing clinical anatomy, this atlas integrates current information from a wide range of medical disciplines into discussions of the nervous system and sensory organs, including:

- In-depth coverage of key topics such as molecular signaling, the interplay between ion channels and transmitters, imaging techniques (e.g., PET, CT, and NMR), and much more
- A section on topical neurologic evaluation

Volume 3: Nervous System and Sensory Organs and its companions *Volume 1: Locomotor System* and *Volume 2: Internal Organs* comprise a must-have resource for students of medicine, dentistry, and all allied health fields.

From reader reviews:

Chris Bynum:

Do you have favorite book? If you have, what is your favorite's book? Guide is very important thing for us to know everything in the world. Each publication has different aim or perhaps goal; it means that book has different type. Some people experience enjoy to spend their time to read a book. They may be reading whatever they acquire because their hobby will be reading a book. What about the person who don't like reading a book? Sometime, particular person feel need book whenever they found difficult problem or exercise. Well, probably you should have this Color Atlas of Human Anatomy, Vol. 3: Nervous System and Sensory Organs.

Anne Hahn:

In this age globalization it is important to someone to find information. The information will make anyone to understand the condition of the world. The condition of the world makes the information simpler to share. You can find a lot of sources to get information example: internet, newspaper, book, and soon. You will see that now, a lot of publisher that print many kinds of book. The book that recommended to you personally is Color Atlas of Human Anatomy, Vol. 3: Nervous System and Sensory Organs this publication consist a lot of the information from the condition of this world now. That book was represented how do the world has grown up. The vocabulary styles that writer require to explain it is easy to understand. The actual writer made some exploration when he makes this book. Honestly, that is why this book appropriate all of you.

Mary McClellan:

Beside this Color Atlas of Human Anatomy, Vol. 3: Nervous System and Sensory Organs in your phone, it may give you a way to get nearer to the new knowledge or data. The information and the knowledge you might got here is fresh in the oven so don't end up being worry if you feel like an older people live in narrow town. It is good thing to have Color Atlas of Human Anatomy, Vol. 3: Nervous System and Sensory Organs because this book offers to you readable information. Do you often have book but you do not get what it's interesting features of. Oh come on, that won't happen if you have this in your hand. The Enjoyable arrangement here cannot be questionable, like treasuring beautiful island. Use you still want to miss the idea? Find this book and read it from currently!

Robert Polk:

As a university student exactly feel bored to help reading. If their teacher inquired them to go to the library or even make summary for some publication, they are complained. Just minor students that has reading's heart and soul or real their interest. They just do what the teacher want, like asked to go to the library. They go to at this time there but nothing reading very seriously. Any students feel that looking at is not important, boring and can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we would like. Likewise word says, many

ways to reach Chinese's country. Therefore this Color Atlas of Human Anatomy, Vol. 3: Nervous System and Sensory Organs can make you feel more interested to read.
