The Battle Plan for Cancer is the first of the Battle Plan Book Series. This book lays out a battle plan for those who are facing the battle of cancer. This plan is based on God's word, scientific studies, and personal testimonies. The Battle Plan for Cancer begins by going over the state of your spiritual life and how it affects the overall state of your health. Second, it covers the state of your soul (mind, will, and emotions) and the vital role it plays in both the health of your spirit and the direct affect it has on your physical health. Hosea 4:6 states "My people are destroyed for lack of knowledge. Third, the Battle Plan for Cancer covers the physical body and how we take care of it directly affects our health. This book also brings the awareness of the correlation that the health of spirit, soul, and body all affect the health of the others. In other words, if one area is not healthy then you are not in complete health. The importance of understanding this in order to have the best chance of winning is crucial during this battle for your health. My goal as a writer is to bring knowledge of the word of God that will help people win this battle. This book covers the importance of forgiveness, faith, love, and trust in our Heavenly Father, and how all of these will affect our life and everyday health. I also share my personal struggles and victories that God has brought me through to encourage others to stand on God's promises for their own lives. Take this battle plan and allow the Holy Spirit to reveal the areas of knowledge that you can personally apply that will give you tools you need to have the victory in Jesus name.
