## **Building Codes Illustrated for Elementary and Secondary Schools: A Guide to Understanding the 2006 International Building Code** Steven R. Winkel, David S. Collins, Steven P. Juroszek

Now more than ever, architects need an interpretive guide to understand how the building code affects the early design of specific projects. This easy-to-use, illustrative guide is part of a new series covering building codes based on the International Building Code for 2006. This book presents the complex code issues inherent to elementary and secondary school design in a clear, easily understandable format.
