## Is two Jacks too many, or the perfect pair?

Curvy, beautiful Brienne always thought she was playing the good girl, but never really believed that good girls finished last until now. While on a routine trip home to get a quick change of clothes, she surprises her boyfriend at the worst possible time...

But Owen and Lyle Jack are quick to make the most of this opportunity. They've had their eye on super-smart Brienne and they're not just going to let her slip away! Can Brienne really keep two men happy without risking a spectacular crash and burn.... Or burning her own heart in the process?

This was no accident... The Jacks are always prepared and Brienne slowly begins to realize she was hand-picked for this mission. Throwing herself firmly against the grindstone, she calls on every ounce of courage she has to take the chance to change her life - and does something not even the Jack brothers expect.

Everyone will be shocked by the plan that Brienne puts together (especially the jerk who tried to ruin her life). Just goes to show you - never underestimate a curvy girl, especially not one who's being lavished with the love of two amazing billionaires!
