The witches are coming, just like the strange little girl warned.

Magda, the crone who cast Lia from the coven, is full of apologies at first. But she has a request, one Lia isn't willing to grant. Magda isn't used to being refused.

Now Lia and her Alphas must run for their lives. They might be able to fend off the witches for a while, but the coven isn't alone. Magda has found an ally, someone who hates the Twin River pack even more than she does. And he's thirsting for battle...

This is the seventh part of an ongoing story. Not a standalone. Cliffhangers abound.

For adult readers comfortable with ménage romance, as some installments contain explicit scenes with multiple partners.
