Southern Shifters: Ink To Bear (Kindle Worlds Novella) (Black & White Series Book 1) Lissa Matthews

Big and built, Gus is one werebear most other shifters and hybrids steer clear of; unless he's got the ink out. Then, they, along with humans, line up for the chance to see him work and maybe, just maybe, get a little ink of their own. He's made a name for himself as a traveling tattoo artist, but he's a loner and his only rule is to never stay any place long enough to learn names.

But then, he sees her...

Bex is alone now. No family since her mother passed. Few people she would call friend. And she's just sold the last remaining link to her childhood. None of it seems real and yet, it's all too much reality for her. She wants to start her new life and she wants out of her small hometown.

Her way out comes in the form of a broad shouldered, tattooed biker, offering take her anywhere she wants to go, even if it means going over the infamous Tail of the Dragon mountain pass and through territory that isn't always friendly to his kind.

She's never been on a motorcycle. She's never been this close to a shifter. She's never done anything reckless. Can she trust him to keep her safe? More importantly, can she trust herself and her feelings when she climbs on and wraps herself around him?

Author's Note: Ink To Bear - Black & White series, Book One, can be read as a standalone, and is the beginning of how Bex and Gus meet, but Inked By The Bear cannot be read as a standalone. Inked By The Bear has a cliffhanger ending. Book Three will be out in late October 2015
