In the 1952 edition of this Christmas picture book, illustrated by Barbara Cooney, color spreads alternate with black-and-white ones. Here Goode provides all new illustrations in full color. The text, in verse, relates a simple, rustic version of the nativity story, telling of an unnamed man and woman who find shelter among the farm animals in a barn, where their baby is born. Goode sets the action in snowy New England with a big red barn for shelter, and depicts the local shepherds as wise men. The warmth and grace of the understated verse are reflected in the moving ink drawings, glowing with gentle color washes. A pleasing new interpretation that brings the story closer to its young audience.
