Community Health Nursing: Caring for the Public's Health Karen Saucier Lundy, Sharyn Janes

Each new print copy includes Navigate 2 Advantage Access that unlocks a comprehensive and interactive eBook, student practice activities and assessments, a full suite of instructor resources, and learning analytics reporting tools. A Revised Text Focused on Health Promotion and Prevention in the Community Community Health Nursing: Caring for the Public's Health, Third Edition focuses on teaching nursing students about population health and community health nursing. The text is directed toward health promotion and primary prevention in the community, with newly revised course content in each chapter. Health care in the community is presented within the population's cultural context, whether influenced by age, gender, race, or ethnicity. The Third Edition represents a broad range of diversity and depicts the unique composition of communities in the U.S. from the standpoint of varied populations to unique health perspectives. This text was crafted in collaboration with many well-known and respected experts in the field and was guided by the Association of Community Health Nursing Educators Essentials of Baccalaureate Nursing Education for Entry Level Practice in Community/Public Health Nursing. Each chapter of the Third Edition reflects the core functions of public health issues and includes coverage of complementary and alternative approaches, popular media examples and current fiction/non-fiction literature examples. The authors employ a unique pedagogical approach by structuring the text around reflective and connected learning thorough the inclusion of art, poetry, narratives, media and literature. This approach can be successfully integrated with traditional course content, either online or in the classroom, recognizing that students learn best using a variety of learning tools. This text is appropriate for use in primary community health nursing courses as well as in specialty courses. Key Features •Chapter features include coverage of literature, environmental considerations, ethics, complementary/alternative therapies, health practices and research, cultural connections, global features, short essays, critical thinking exercises, case studies, and research alerts • Overview of the post 9/11 and Katrina environments • Coverage of the Affordable Care Act • Case studies which provide students with application of complex concepts • Research briefs chosen for their direct relevance and use to BSN students • Community and population focused chapters enable the text to be flexible and easily integrated into a variety of nursing curriculums Community Health Nursing: Caring for the Public's Health, Third Edition includes access to Navigate 2 online learning materials including a comprehensive and interactive eBook, student practice activities and assessments, learning analytics reporting tools, and more.

From reader reviews:

Judy Young:

Nowadays reading books be a little more than want or need but also turn into a life style. This reading addiction give you lot of advantages. Associate programs you got of course the knowledge the actual information inside the book this improve your knowledge and information. The data you get based on what kind of e-book you read, if you want drive more knowledge just go with education and learning books but if you want really feel happy read one with theme for entertaining for instance comic or novel. Typically the Community Health Nursing: Caring for the Public's Health is kind of reserve which is giving the reader unpredictable experience.

Salvador Swain:

Information is provisions for those to get better life, information currently can get by anyone on everywhere. The information can be a expertise or any news even restricted. What people must be consider while those information which is inside former life are difficult to be find than now's taking seriously which one would work to believe or which one often the resource are convinced. If you receive the unstable resource then you understand it as your main information there will be huge disadvantage for you. All those possibilities will not happen with you if you take Community Health Nursing: Caring for the Public's Health as your daily resource information.

Carl Guerra:

A lot of people always spent their own free time to vacation or go to the outside with them household or their friend. Are you aware? Many a lot of people spent they will free time just watching TV, or even playing video games all day long. If you wish to try to find a new activity here is look different you can read some sort of book. It is really fun in your case. If you enjoy the book that you just read you can spent all day every day to reading a publication. The book Community Health Nursing: Caring for the Public's Health it is very good to read. There are a lot of people who recommended this book. These were enjoying reading this book. In the event you did not have enough space to create this book you can buy typically the e-book. You can m0ore quickly to read this book out of your smart phone. The price is not to fund but this book features high quality.

Charles Steen:

Exactly why? Because this Community Health Nursing: Caring for the Public's Health is an unordinary book that the inside of the book waiting for you to snap that but latter it will shock you with the secret the idea inside. Reading this book beside it was fantastic author who else write the book in such incredible way makes the content inside easier to understand, entertaining approach but still convey the meaning fully. So , it is good for you because of not hesitating having this anymore or you going to regret it. This excellent book will give you a lot of gains than the other book include such as help improving your expertise and your

critical thinking technique. So , still want to hesitate having that book? If I ended up you I will go to the book store hurriedly.
