All of the Bible references are linked into the King James Version of the Bible.

The Treasury of Scripture Knowledge was a Bible reference work first published around 1830, created by the London publisher Samuel Bagster (1772-1851). As R. A. Torrey states in his introduction to The Treasury of Scripture Knowledge, or TSK: "There is no other commentary on the Bible so helpful as the Bible itself." Using cross references allows the Bible to speak for itself, to be its own interpreter. This is the surest and most accurate method of Bible study. Each verse of the Bible is cross-referenced to several others to enable the reader to gain a true sense of each word and phrase as it is used in the Bible.
